### CLEARANCE OF INTERNATIONAL VESSELS AND AIRCRAFTS FOR PAM ASSISTANCE

The Biosecurity Vanuatu clearance of international aircrafts and vessels is a paid service that owners must pay Vanuatu Government.

Currently there are a number of private vessels and aircraft that are coming into Vanuatu loaded with relief supplies. Biosecurity Vanuatu will carry out normal quarantine clearances but during this cyclone period GOVERNMENT WILL NOT CHARGE CLEARANCE AND INSPECTION OF RELIEF VESSELS.

However, there must be physical proof that the vessel or the aircraft is landed in Vanuatu for relief supply purposes, and a statement fully disclosing the relief materials and their intended destination must be provided.

Prior to the arrival of the aircrafts or vessel, the captain must advise the airport and the sea port authorities on the arrival of the crafts and Biosecurity Officer will board the crafts for the clearance and the clearance will done without charge.
