MEMORANDUM

BIOSECURITY VANUATU (QUARANTINE) MESSAGE FOR IMPORT OF SEEDS

Biosecurity Vanuatu is the only local authority that approves the import of seeds into Vanuatu. No seeds may be imported into Vanuatu without obtaining official import permit from Biosecurity Vanuatu. Biosecurity Vanuatu has a list of approved seeds suppliers from various countries in the world and only these suppliers can supply seeds into Vanuatu.

During this disaster time, if seeds are to be imported from seeds suppliers that are not yet approved by Biosecurity Vanuatu, the department will have to get into contact with the seed suppliers to get confidence on the safety of the seeds from seed borne diseases. Seeds can bring various plant diseases if they are not properly processes and assessed.

Despite the best intentions from our international partners, Biosecurity Vanuatu cannot accept any seeds into Vanuatu unless there is confidence that these seeds are free from seed borne diseases.

Biosecurity Vanuatu will always assist to facilitate the import of these seeds that are currently needed.

For further information on the import of these seeds do contact Sylverio Bule on 56 24447 or e-mail bsylverio@vanuatu.gov.vu

LIST OF APPROVED SEED SUPPLIERS BY BIOSECURITY VANUATU
