

National Advisory Board on Climate Change and Disaster Risk Reduction (NAB)

CCDRR Policy Provincial Awareness April 8th 2024

The National Advisory Board

- The NAB is now established under the Meteorology, Geo-hazards and Climate Change Act No.25 of 2016
- It's primary purpose is to act as the advisory body and policy making body for all climate change and disaster risk reduction programs, projects, initiatives and activities
- Its aim is to integrate the governance of CC&DRR in an integrated and holistic way to reduce duplication
- This increases collaboration of work, and provides a consistent approach, which in turn addresses Vanuatu's priorities
- The Board meets every two (2) months
- The Board is supported by the a Secretariat ("NAB Secretariat")

- Composition of the Board
 The Board consists of the following members:
- (a) the Director General; and
- (b) the Director of the Department of Climate Change; and
- (c) the Director of the Department of Meteorology; and
- (d) the Director of the Department of Geological Hazards; and
 (e) the Director of the Department of Forestry; and
- (f) the Director of the Department of Energy; and
- (g) the Director of the Department of Local Authority; and
- (h) the Director of the Department of Environment; and
- (i) the Director of the Department of Foreign Affairs; and
- (j) the Director of the Department of Strategic Management; and
- (k) the Director of the National Disaster Management Office; and
 (l) the Director of the Department of Finance; and
- (n) the Director of the Department of Woman's Affairs; and

Meteorology, Geological Hazards and Climate Change Act No. 25 of 2016

PART 3 ESTABLISHMENT, COMPOSITION AND FUNCTIONS OF THE NATIONAL ADVISORY BOARD ON CLIMATE CHANGE AND DISASTER RISK REDUCTION

(n) the Director of the Department of Public Works; and

 the Chief Executive Officer of the Vanuatu Non-Governme Organizations (VANGO).

REPUBLIC OF VANUATU

METEOROLOGY, GEOLOGICAL HAZARDS AND CLIMATE CHANGE ACT NO. 25 OF 2016

Arrangement of Sections

PART 1 PRELIMINARY

1	Interpretation
2	Objective of the Act
3	Application of the precautionary principle

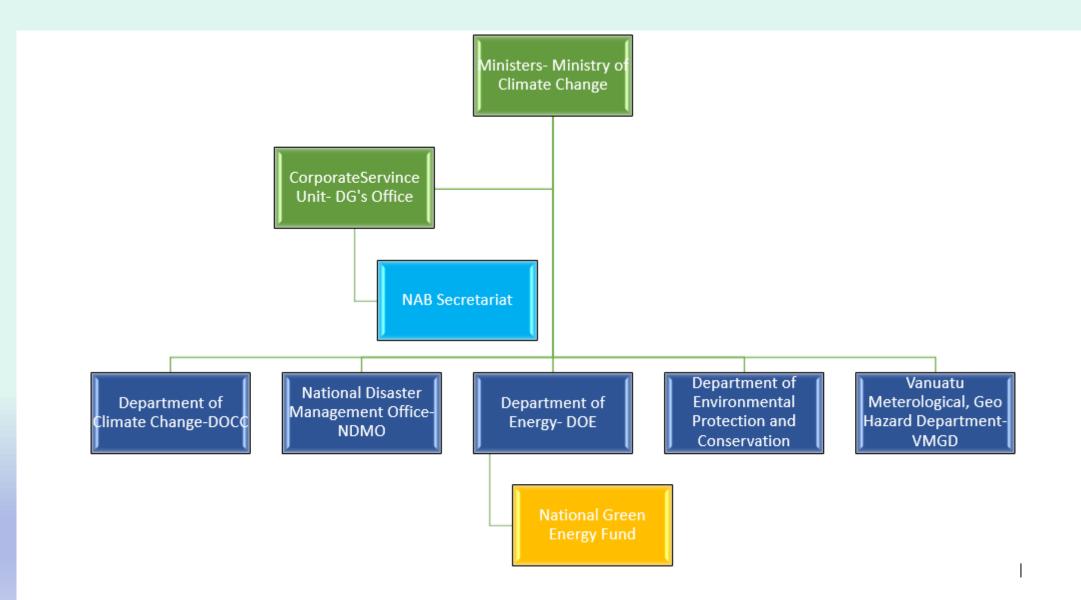

PART 2 ADMINISTRATION

4	Director of Departments7
5	Delegation by Director
6	Appointment of authorised officers7

PART 3 ESTABLISHMENT, COMPOSITION AND FUNCTIONS OF THE NATIONAL ADVISORY BOARD ON CLIMATE CHANGE AND DISASTER RISK REDUCTION

7	Establishment of the National Advisory Board on Climate Change
	and Disaster Risk Reduction9
8	Composition of the Board9
9	Functions of the Board10
10	Powers of the Board11
11	Chairperson and Deputy Chairperson12
12	Meetings of the Board 12
13	Authorization to attend meeting 13
14	Secretariat Support
15	Sitting Allowance

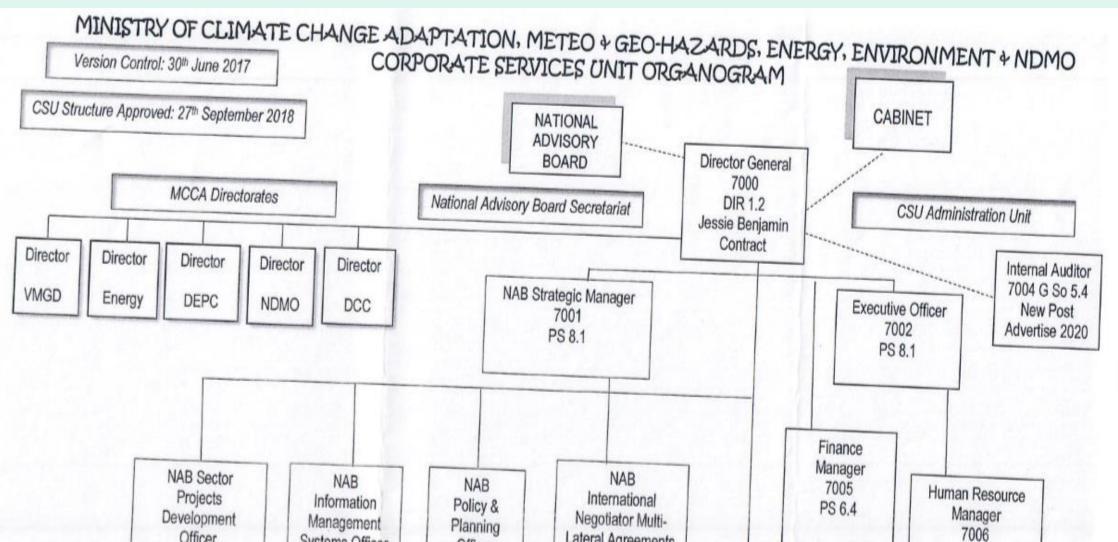

Ministry of Climate Change Organisational Structure

The NAB and the MoCC

Who is on the NAB?

- It is chaired by the DG Climate Change, he is allowed to appoint an Alternative
- Members are Directors of CC, Meteo, Forestry, Energy, Local Authorities, DEPC, Foreign Affairs, DSPPAC, NDMO, Finance, Women's Affairs, Public Utilities, CEO of the VANGO
- Observers Secretariat of the VCAN and the Chair of the Vanuatu Business Resilience Committee (under the VCCI)additional observers and visitors are welcome to attend NAB meetings on an *invitation basis*

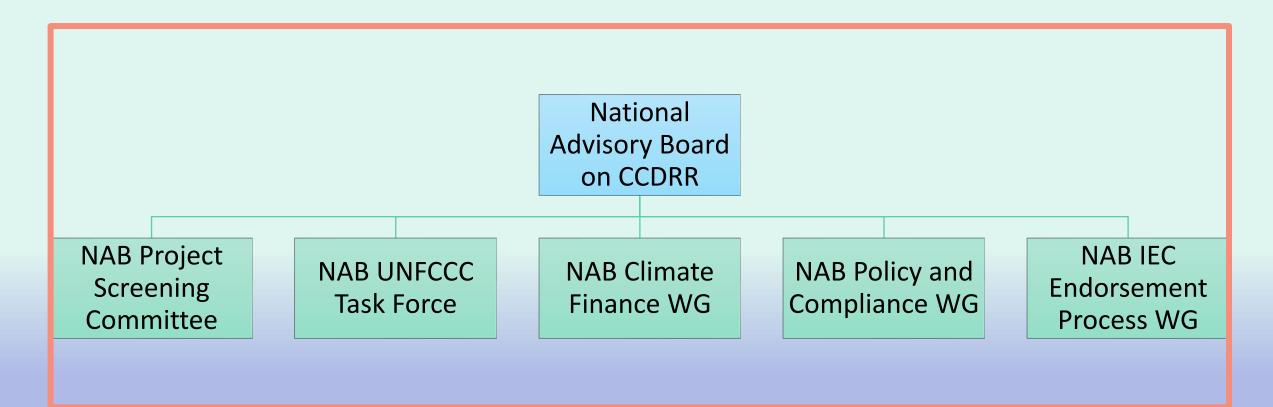

The work of the NAB

- The NAB is supported by several sub-committees; these carry out specific functions
- 1. The Project Screening Committee (PSC)
- 2. The United Nations Framework Convention on Climate Change Taskforce (UNFCCC TF)
- 3. The Climate Finance Working Group (CFWG)
- 4. Climate Diplomacy Task Force (CDTF)
- 5. Facilitation of Information and Communication materials' endorsement

NAB Task Force and Working Groups

The work of the NAB - Screening & Endorsing Projects & Programs

- Projects, programs, research work that want to be implemented by donors and partner agencies, or individuals are brought to the NAB
- Expedite the project appraisal processes by screening and making recommendations to the NAB proposed climate change and disaster risk reduction projects submitted to the NAB Secretariat
- The Project Screening Committee screens proposals to ensure it meets several criteria, such as mode of financing, local implementing partners, government priorities, collaboration of other projects with similar objectives
- PSC- made up of the DSPPAC, VCAN, Finance, Women's Affairs, VMGD, NDMO, DLA [DoCC], DEPC

CONTINUE FROM HERE ONLY IF PROJECT AT CONCEPT OR FUNDING PROPOAL STACE 19. Project rationals: (What is the rationale for the project?) What is its attracting is context? What is the primi need, and how was it identified? Is this program building on any previous activities, projects or policy?]

20. Project objective against the baseline: [What is the objective of the project? Describe the scenario (i.e. emissions baseline, climate vulnerability baseline, key barriers, challenges and/or policies) ar the outcomes and the impact that the project will aim to achieve in improving the baseline scenario. Refer the logical framework and theory of charge template below! 21. Policy coherence and alignment: [provide details as to how the project aligns with the Nation Sustainable Development Plan (pillar, goal and objective), the Climate Change and Disaster Risk Reductiv Policy, and other policies, plans, strategies and priorities 22. Current status: forogress to date and current activitie 3. Market overview: (If the project involves a particular market describe the products or services includ the historical data and forecasts. If applicable, provide the key competitors with market shares and custom base. Also provide, if any, pricing structures, price controls, subsidies available and government involvement 24. Implementing / executing entity background / justification: [Quality of the management test overall strategy, financial profile, equity investment, management, operations, production and 25. Institutional / implementation arrangements: (Governance structure of the project, organis structure, roles and responsibilities of the project management unit, steering committee, executing entiti and flow of funds structure, construction and supervision methodology with key contractual agreemen persitional arrangements with key contractual agreements following the completion of construct 26. Results Areas (GCF projects only) Reduced emissions from (milligation). Increased resilience of (adaptation): Energy access and power generation
Most vulnerable people and communities Low emission transport Health/well-being, & food/water security Buildings, cities, industries & appliances 🛛 Infrastructure and built environment Forestry and land use Ecosystems and ecosystem services 27. Expected performance against investment criteria [GCF projects only] [brief deal a) Impact Potential: (Potential of the project to contribute to the achievement of the GCF's biectives and result areas? b) Paradigm Shift Potential: [Degree to which the proposed activity can catalyse impact beyond ne-off project investment? Sustainable Development Potential: [Envi cluding gender-sensitive development impact? d) Needs of the Recipient: [Vulnerability and financing needs of the beneficiary of e) Country Ownership: (Beneficiary country's ownership of, and capacity to implement, a funde Efficiency and Effectiveness: (Economic and financial soundness of the project 28. Consultation (Specify the plan for multi-stakeholder engagement, and what is been done so far in the regard, e.g. National, Provincial, Community, Civil Society, Private Sector)

29. Potential overlaps / duplication to be resolved: [What related projects are being undertaken in th area?]

30. Technical feasibility/evaluation: [Brief summary of technical feasibility of project. Will the project fur local staff? If so, where? Are there additional staff required (e.g. counterparts, proposed T/A Positions)? TOR must be included for all T/A positions.

The work of the NAB- UNFCCC Taskforce (UNFCCC TF)

- The UNFCCC Taskforce's primary role is to assist plan, share information about, seek finance for and <u>delegate the implementation</u> of all initiatives related to Vanuatu's engagement with the UNFCCC
- Oversees/coordinates the implementation of decisions of the Convention
- There are currently 22 confirmed delegates; representatives are from Government, NGO, Private Sector.
- Work is underway to prepare for the negotiations at the end of the year
- The Twenty-seventh Conference of Parties (COP) is in Egypt, from November 6 – 18 2022

The work of the NAB - Climate Finance

 The Climate Finance Working Group serves as a consultative arm of the National Advisory Board to provide strategic direction specifically on climate finance related matters for the Ministry of Climate Change and the Government of Vanuatu.

OLIMATIONAL ADVISORY BOARD

- The CFWG shall assist the NAB Secretariat to resolve compliance issues raised in leading to National Implementation Entity status. The order of the items reflects no importance or priority
- The CFWG shall work on and oversee the development of the Climate Finance Roadmap and Action Plan aligned with several national policies, including the NSDP.

- NAB Sec Florence lautu, Acting Strategic Manager, MoCC – <u>fiautu@vanuatu.gov.vu</u>

NAB Secretariat, nab@vanuatu.gov.vu

Vanuatu's National Advisory Board on Climate Change & Disaster Risk reduction (NAB) is the supreme policy making and advisory body for all disaster risk reduction and climate change programs, projects, initiatives and activities.

The NAB develops DRR and CC policies, guidelines and positions, advises on international and regional DRR and CC obligations, facilitates and endorses the development of new DRR & CC programs,

Thank you tumas
