

## Project Planning

(Weighting: 10%)

*Please, answer both of the following questions.*

### Question 1:

If you were given the task by your organisation to write up a project plan for a selected field on resilience (*e.g. agriculture, coastal management, energy & infrastructure, fisheries, forestry, health, tourism, water resources*) project in your community, what are some of the key things to consider if you can relate to the questions that are discussed in the video from 4.1?

### Question 2:

Watch the *Project Management Made Easy* video and using the example that you have identified above, draw up a time line of activities and milestone that you wish to achieve at the end of the project?

- Project Planning is due on Saturday 31<sup>st</sup> August at 11.55PM (Fiji Time)
- Dropbox for uploading your project planning assignment is available in Week 1.
