

Training Workshop – Vanuatu’s Green House Gas Inventory (GHGI), Mitigation Analysis and Vulnerability Assessment & Adaptation under the Third National Communications (TNC) to the United Nations Framework Convention on Climate Change (UNFCCC)

27th and 28th August 2019

Meteorology Conference Room, Port Vila, Vanuatu

Objective

- i. Create awareness amongst the relevant stakeholders regarding the processes and importance of compiling a national greenhouse gas inventory, mitigation analysis and vulnerability assessment & adaptation (V & A)
- ii. Train sector personnel on the use of the relevant UNFCCC/IPCC or similar guidelines;
- iii. Support the national communication reporting process, identify any gaps and necessary actions to support the GHG inventory, mitigation assessment and V & A preparation.

Agenda

27th August 2019

Schedule	Sessions
8:30 – 9:00	Registration
9:00 – 9:15	Opening Address Introduction of Participants
9:15 – 9:45	Recap – GHG Inventory & Mitigation Assessment under National Communications
9:45 – 10:15	Energy Basics for Greenhouse Gas (GHG) Inventory & Mitigation Assessment including Group Exercise on Energy Basics
10:15 – 10:30 Morning Tea	
10:30 – 11:00	Basics of GHG Emissions and Introduction to GHG estimation methodology
11:00 – 11:30	Hands on Training on Sectoral GHG Calculation: <ul style="list-style-type: none"> • Energy Sector – Fuel Combustion

11:30 – 13:00	Hands on Training Through Group Exercise on Energy sector GHG emission calculation
13:00 – 14:00 <i>Lunch Break</i>	
14:00 – 15:30	Hands on Training on Sectoral GHG Calculation: <ul style="list-style-type: none"> • Agriculture Sector Hands on Training on Sectoral GHG Calculation: <ul style="list-style-type: none"> • Waste Sector
15:30 – 15:45 <i>Afternoon Tea</i>	
15:30 – 16:15	Identification, selection, implementation and reporting of mitigation actions under National Communications
16:15 – 16:30	<i>End of Day 1 and Wrap Up</i>

28th August 2019

Schedule	Sessions
9:00 – 9:15	Opening Introductions
9:15 – 10:15	What is vulnerability and adaptation to climate change? Overview of frameworks
10:15 – 10:30 <i>Morning Tea</i>	
10:30 – 11:30	Baseline scenarios – socio economic and climate
11:30 – 13:00	Costal resources, Water resources, Agriculture and Human health – Analytical frameworks
13:00 – 14:00 <i>Lunch Break</i>	
14:00 – 15:00	Integration and Communication
15:00 – 15:30	Adaptation Planning Tool exercise
16:00 – 16:30	<i>End of Workshop and Wrap Up</i>
